

SeaVision Communities and Account Creation

Lesson 1.4

07/01/2020

DISTRIBUTION STATEMENT A. Approved for public release: distribution unlimited.

Lesson 1.4 Learning Objectives

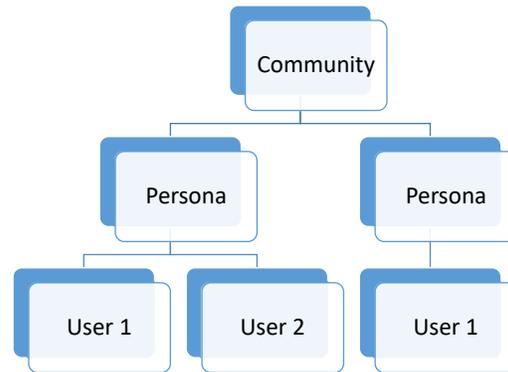

Upon successful completion of this lesson, the student will be able to:

- Identify SeaVision Communities and Personas as they relate to the user profile
- Identify what SeaVision data and objects can be accessed and shared across Communities and Personas
- Determine the requirements to request a SeaVision account

SeaVision Communities

- Users, Personas, and Communities are all managed by a Community Manager
- Users can belong to more than one Community and to multiple Personas within each community
- Users can request to join other Communities, but the Community Manager must review and approve each request

3

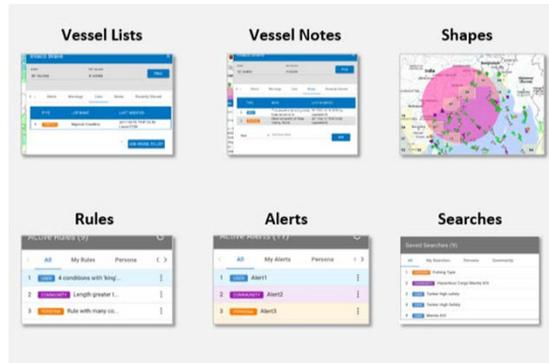

DISTRIBUTION STATEMENT A. Approved for public release: distribution unlimited.

- Every person with a SeaVision account is a SeaVision user
- Users are managed by one or more Community Managers
- Every user is assigned by their Community Manager to one or more Personas
- Access to a Persona gives users access to data and shared items that are only available within that Persona
- All users within a Persona can share freely without Community Manager approval
- All Personas and their users are part of a Community
- Communities are managed by Community Managers who review/approve/disapprove items
- Ask your instructor for more information on the Community and Persona that applies to your area of interest

SeaVision Communities

- Sharing leads to collaboration and understanding within Communities and Personas
- Users can share:
 - Vessel Lists/Notes
 - Shapes
 - Rules/Alerts
 - Searches
- Users have full control in choosing how they share their data

4

DISTRIBUTION STATEMENT A. Approved for public release: distribution unlimited.

- Users can choose to share Shapes, Searches, Rules, Alerts, Vessel Lists, and Vessel Notes with other users:
 - Only data that has been shared within a user's Persona or Community can be viewed by other users. Permission for others to edit is controlled by the originator
 - Shared with own Persona, visible to all users within that Persona
 - Shared with own community, must be approved by the Community Manager
 - Users who request to share items within the Community receive notifications when the Community Manager has approved/rejected the sharing request
