

# Account Management

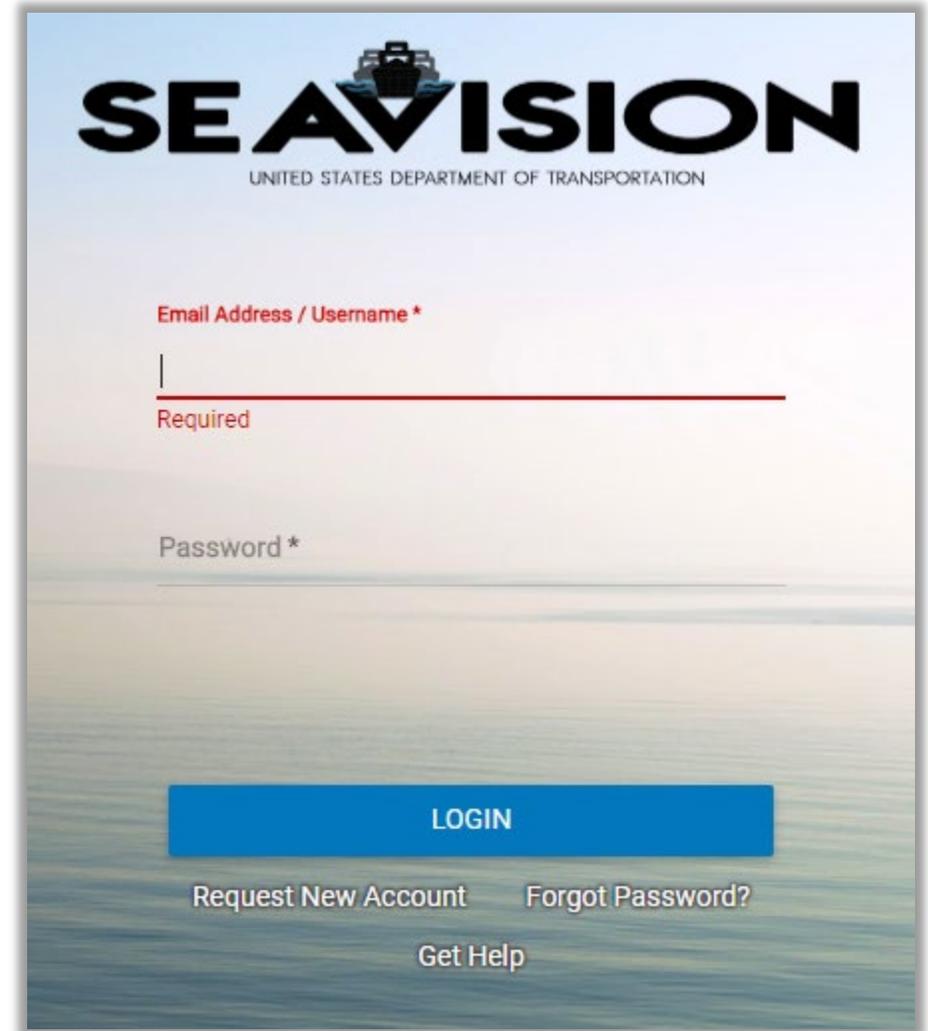

# Learning Objectives

Upon successful completion of this lesson, the student will be able to:

- Determine account access requirements
- Create a SeaVision account
- Understand SeaVision Communities and Personas
- Identify what SeaVision data and objects can be accessed and shared

# Account Access Requirements

- A computer with a working internet connection and web browser (Chrome recommended)
- An active, reliable, and easily accessible email address
- A government maritime-focused career or a government sponsor with a maritime-focused mission

# Creating a SeaVision Account

1. Navigate to <https://seavision.volpe.dot.gov/login> to request a new account
2. Validate email address
3. Submit a New Account Request with personal information
4. Wait for a Community Manager to approve the request
5. Receive email confirmation with login information
6. Log in to new SeaVision account

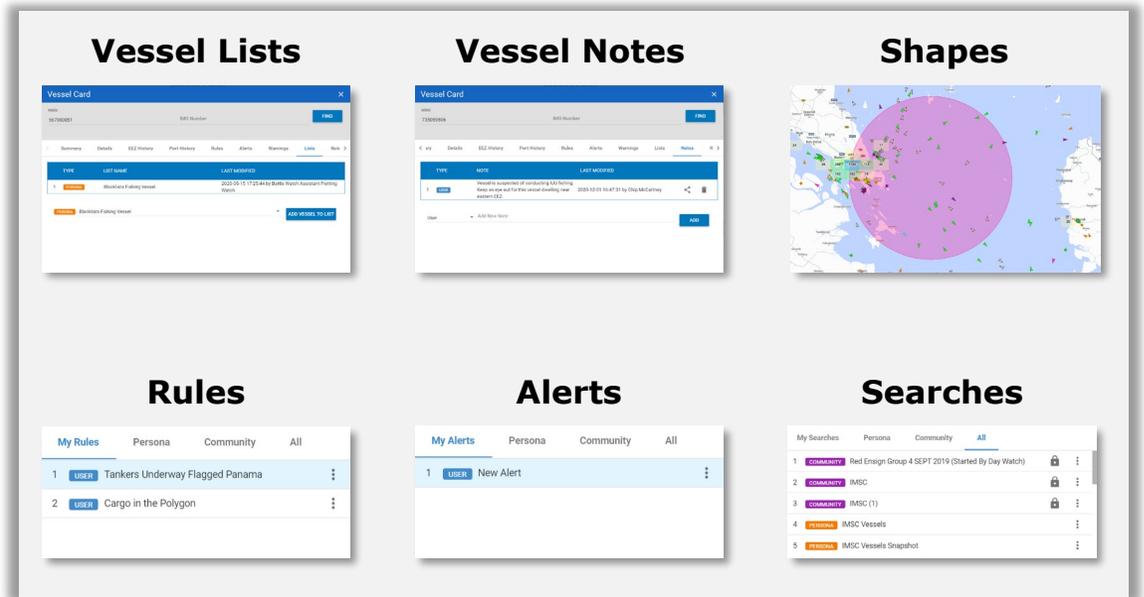

# Communities and Personas

- Users, Communities, and Personas are all managed by a Community Manager
- Users can belong to more than one Community and to multiple Personas within each Community
- Users can request to join other Communities, but the Community Manager must review and approve each request

# Sharing SeaVision Data and Objects

- Sharing leads to collaboration and understanding within Communities and Personas
- Users can share:
  - Vessel Lists/Notes
  - Shapes
  - Rules/Alerts
  - Searches
- Users have full control in choosing how they share their data

# Summary

In this lesson, we covered:

- Account access requirements
- Creating a SeaVision account
- SeaVision Communities and Personas
- SeaVision data and objects that can be accessed and shared
